For Project 3

15 The national symbols are a part of the cultural heritage of every country. Find pictures and collect information on the three national symbols of Russia:

- the National Flag;
- the National Anthem;
- the National Coat of Arms.

The image shows a project assignment card with a yellow header 'For Project 3'. Below the header is a numbered task '15' with a description and a bulleted list of three national symbols of Russia. To the right of the text are three small images: a wooden plaque of the Russian Coat of Arms, a small flag of the Russian Federation, and a black folder containing a document with text, likely representing the national anthem.
